Continuation of 4(e) Other: The status identifier(s) conflict(s) with the text of the claim. For example, claim 56 has been marked as "previously presented," but the text of the claim includes markings. It is unclear if applicant intended to amend the text of the claim or not. Also, claim 10 is marked as original and recites " the network", However, claim 1, does not currently recite a network. It is unclear if applicant intended to amend claim 10. The examples provided are not intended to be exhaustive and other similar problems may exist..
